## Summary

I am good at problem-solving and ownership skills. I am confident that I can contribute to the team.

## Experience

### Mentor • 10 x Acdamy (IT)

Nov 2022 - Present

- Part-time Mentor at [10x Acadamy], solving coding problems and providing guidance on projects and modules to enhance students' development and coding skills.
- Assisted student teams on developing coding solutions, troubleshooting software issues and debugging programs.
- Enhanced own coding and development skills by guiding and mentoring students on various projects.

## Education

### BSc • Vidyabharti College, Amravati

Aug 2018 - Oct 2021

Computer Science • Grade: 78%

I completed my BSc. in Computer Science from Sant Gadge baba Amravati University in 2021. Subsequently, I undertook a Python Developer course, which included an Internship and a finite project on Data Science. Subsequently, I joined a four-month Backend Development Bootcamp, where I gained proficiency in HTML, CSS, Node js, APIs and Database, creating four real-life projects. Then I was granted a two-month mentorship to polish my skills before taking up the role of a Part-Time Full Stack Mentor at 10x IT Institute of Hyderabad.

### HSC • MPL Junior college of Science, Arvi

Jul 2016 - Jun 2018

Science • Grade: 65.40%

## Projects
